

## SALES MANAGER IN GERMANY

PreveX is one of the leading suppliers of siphons and waste valves in Europe. Our company was established 1955 being one of the eldest still working plastic companies in Finland. PreveX is privately owned company. The owner is KWH-Group ([www.kwhgroup.com](http://www.kwhgroup.com)). We have a good and solid economics. Turnover is 20 MEUR. Our company is known for innovative products. The main product categories are kitchen siphons and bathroom siphons. In 2013 we produced 2,6 million siphons. The products are sold through different channels: industrial customers, merchants and DIY-chains. We expect our sales to continue to increase because of our innovative approach. Currently all our production is located in Finland and we are 115 persons working at PreveX.

In order to strengthen our sales and market presence in Germany we are looking for a Sales Manager in Germany.

The preferable profile of the person is following:

- Commercial or Technical education (preferably at least a bachelor level)
- Minimum 3 years experience on business to business sales
- Language skills: German and English
- Preferable some experience of HVAC
- Good solution provider
- Good co-operation skills: able to have good communication towards the customers and internally in the company
- Able and willing to do business in an active and target orientated way
- Wants to travel and meet new challenges
- Willing to work from a home office

Preferable locations of the Sales Manager are Düsseldorf and Frankfurt areas.

PreveX can offer a dynamic and flexible working environment with good growth possibilities.
